PROFESSIONAL EXPERIENCE

Brainy Commerce

Key Account Manager – Data Analyst Intern

Madrid, Spain

March 2026 – Present

- Engineered **Power BI dashboards** tracking sales, competitive, and advertising KPIs for marketplace clients, directly enabling data-driven decisions across account management teams.
- Conducted **ad-hoc marketplace analysis** surfacing revenue trends and anomalies that fed into consulting deliverables; integrated **API-based data sources** to extend KPI coverage across client accounts.
- Bridged **Account Management and Analytics teams** by translating business questions into structured data requirements, accelerating insight delivery and reducing reporting friction.

NetJets Europe

Business Analyst Intern – Sales & Strategy

Lisbon, Portugal

July 2024 – October 2024

- Engineered an automated inventory reconciliation pipeline using **SQL**, **Python**, and **Tableau**, cutting manual operational load by **25% (10+ hours/week)** and significantly reducing data integrity risk.
- Identified and quantified **high-impact revenue discrepancies (>\$5M)** through forensic data analysis; diagnosed root causes in contract negotiation workflows and escalated findings to senior stakeholders.
- Executed **SQL** and **Salesforce** deep-dives on new product launches, delivering executive-level presentations with actionable go-to-market recommendations.

Happy Code Oriente

Programming and Computer Science Instructor

Lisbon, Portugal

July 2023 – July 2024

- Designed and delivered **Python and Algorithms** curriculum to **50+ students**; developed project-based learning modules that translated complex technical concepts for non-technical audiences.

Colégio S. Francisco Xavier

Computer Science Curricular Director

Lisbon, Portugal

September 2022 – June 2023

- Directed** the School's **technical curriculum** and **designed** the concepts being taught to the students.

LEADERSHIP & PROJECTS

NOVAe – Entrepreneurship Hub

Co-Founder and Director of Marketing

Lisbon, Portugal

October 2023 – October 2024

- Co-founded NOVA IMS' **premier entrepreneurship hub**; defined strategic vision and governance, and assembled a founding team of **20+ active members** from scratch.
